OBJECTIVE

Enthusiastic and detail-oriented AI & ML undergraduate seeking a Backend Development Internship to apply and expand skills in Python, API design, and cloud infrastructure. Eager to contribute to scalable backend systems, DevOps workflows, and machine learning integrations in real-world production environments.

TECHNOLOGIES

Languages: JavaScript (Node.js), Java, SQL, HTML, CSS

Frameworks: Django, Spring Boot, React.js

Databases: MySQL, MongoDB

Tools: Git, AWS, CI/CD

Machine Learning: TensorFlow, RESTful APIs,

Soft Skills: Problem Solving, Collaboration, System Design

EXPERIENCE

INTERNSHIP:

Java Full Stack Developer (Intern)-Certificate

Zidio Development | Feb-2025 – May -2025

Project: Enterprise Expense Management System

Developed a full-stack web application to manage enterprise-level expense tracking and approvals. Designed and implemented RESTful APIs using Spring Boot with JWT-based authentication and role-based access control.Built interactive and responsive frontend interfaces using React.js, integrating with backend services seamlessly.

PROJECTS

Expense Enterprise Management System -Link

The Enterprise Expense Management System allows companies to track, manage, and analyze employee expenses. It includes role-based access, automated approvals, real-time analytics, and PDF reporting.

Technology Stack: Java, React.js, Springboot, SQL

Library Management System

The Library Management System (LMS) is a web-based application developed using Java Spring Boot to streamline library operations, including book cataloging, member management, borrowing, and returns.

Technology Stack: Java, React.js, Springboot, MYSQL

EDUCATION

St. Martin's Engineering College   Dec 2021 -May

2025 BTECH in Artificial Intelligence and Machine Learning

CGPA:8.7

CERTIFICATIONS

Frontend Developer (Reactjs) - HackerRank
Issued by HackerRank | [March, 2025]
Demonstrated proficiency in building dynamic, responsive user interfaces using React.js, including component architecture, hooks, state management, and performance optimization.
